*"Lucio Middle School teachers unite with passion to produce quality instruction and empower tomorrow's leaders."*

### Preparing Tomorrow's Leaders Lion News

Chester J. Arizmendi  
 Principal

Data, data, data....what will you do with it? Data provides us with concrete evidence of student performance and how instruction would need to be modified. Reflect on the following: *"What does the data say about me?"* The same strategies will not be effective unless student performance was effective in the Masters area. *Who are your bubble students per levels of performance (Approaches, Meets, Masters)? What can you do differently to push those students into the next performance level?* Be ready to discuss and provide a plan of action.

The **feeder school presentation** went really well! A BIG thank you to **Roxana Vieyra and Linda Garcia** for spearheading this amazing event! We had a lot of compliments! The parents and students received a plethora of information. I also want to thank the organizations for their performances and the Student Council for their leadership. Lastly, thank you to the faculty and staff for their continued support and efforts in making this day possible.

**Autism Run-** We will register as a campus. Please advise all of your athletes and students. Mrs. Sosa will be the point of contact. We will begin announcing and advertising while coming up with an incentive for those who register.

**Incentive:** Students who register will be able to wear their shirt the following Monday and any Friday (Spirit Day). Students will also receive two free dress passes on a designated day. Teachers and staff may wear jeans the following week!

**Our Lucio Middle School Mission Statement:** *Lucio Middle School Teachers unite with passion to produce quality instruction and empower tomorrow's leaders.*

Cont.

**Lesson closures (exit ticket)**- As walkthroughs are being conducted, there seems to be some concerns with the closure of the day's lesson (objective). Questions to be considered? How do you know if your students mastered today's learning objective? How do you check for understanding of today's learning goal? What do you use to measure what they learned? These areas will be carefully addressed per occurrence. Exit Tickets help you assess if students have "caught what you taught" and plan for the next lesson or unit of instruction.

**Posting Grades**- As concluded in the TAC audits, there are many teachers who are not posting grades. Be sure to post grades on a weekly basis and follow the BISD grading policy (within 5 days of submission to the teacher of a major/minor assessment). By doing this, parents & students can monitor progress and parental support could be an assistance for ensuring completion of assignments.

**A reminder that Common planning time** meetings will take place in the data wall room. This time is set aside for you to plan with your content grade-level, exchange instructional strategies, share ideas, and review student data. Your team must stay the entire period unless dismissed by your appraiser. In many cases, your appraiser will come by to assist with anything that you may need. Access to a computer and a projector/screen is available for your convenience. All meetings must be documented via TEAMS. If you are sharing the meeting room with another team, you can request for the meeting time to be moved to another day and/or period.

**Supervision & Safety:** Please ensure that you are supervising the hallways outside your doors during transition---especially after 9th period (dismissal). Students should not be running and must keep their hands to themselves. You should stand at your door until 2:55 p.m. (no earlier).
