Preparing Tomorrow's Leaders Lion News

Chester J. Arizmendi
 Principal

As we close this week I want to once again thank our counselors, Amanda, Terry, and many of our teachers that helped to support our Honors Achievement Ceremony! It was a huge success and we look forward to the return on our investment!! Please take this time to reflect on what instructional improvement that you could make in order to meet the needs of your students.

Supervision & Safety: I cannot stress the importance of effectively supervising your students 100% of the time. That one second that you step out of class to handle a situation can result in something else happening in your class. All teachers and staff are required to stand by their door monitoring their classroom and supervising students during transitions. All personnel must remain at their door (or assigned area) until the bell rings. Students should not be allowed to loiter in front of any classroom. Hurry the students to class and keep the traffic moving along.

Teacher Perfect Attendance- Just like we promote good attendance for our students, the same goes for our staff and faculty. We need to protect instructional time at all costs. When a teacher or staff member is out, our students suffer the consequences.

Our Lucio Middle School Mission Statement: *Lucio Middle School Teachers unite with passion to produce quality instruction and empower tomorrow's leaders.*
