Words of the Week

Prediction – guesses about future observations based on careful observations and inferences

Ecosystem – a community of organisms that live, feed, reproduce and interact in the same environment

Thank you teachers for your support and assistance with benchmarks! I also want to thank Mr. Guzman and Dean Gonzalez for working together and making the continuous adjustments to place the students as per the teacher's requests. We do need to eliminate and provide a cut-off time so we can minimize the changes that occur; anyhow, this first round helps us gauge and prepare students for the STAAR. As we close this week, please take this time to reflect on the instructional strategies that you plan to integrate for this following week.

Data: It is now time to review all data from your students and their progress. The deadline to meet with your appraiser and submit the six weeks progress monitoring is on Thursday, December 4th.

Farmers Market: Lucio MS is hosting a Farmers Market on Thursday, November 20th from 0800-1200. This will be held in the gym and we will be inviting 130 students that will be chosen by the counselors.

Faculty & Staff Luncheon: As a very small gesture of thanks, we will be providing a luncheon for all faculty and staff on Thursday, November 21st during your lunch period in the Libratory. Please make plans to attend!

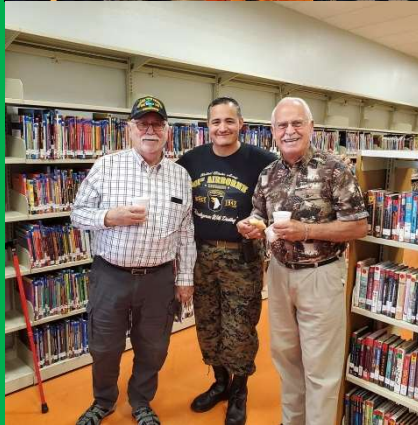

Our Lucio Middle School Mission Statement: *Lucio Middle School Teachers unite with passion to produce quality instruction and empower tomorrow's leaders.*
