Words of the Week

Density - a measure of how much mass is contained in a given unit of volume

Mass – amount of matter in an object

As we close this week, please reflect on the professional development that you had today on measurable objectives and the CPQ. How does your measurable objective reflect what the students are actually able to do when they exit your class?

Walkthroughs: *Alphas will continue weekly with formal walkthroughs. The faculty meeting will cover pertinent information on what has been seen so far. The T-TESS rubric will be strictly adhered to---in any particular domain, **proficient equals "A Rock Solid Teacher."** Please review the rubric.*

Supervision & Safety: *All teachers and staff are required to stand by their door monitoring their classroom and supervising students during transitions. All personnel must remain at their door (or assigned area) until the bell rings. Students should not be allowed to loiter in front of any classroom. Hurry the students to class and keep the traffic moving along. Report anything suspicious.*

Our Lucio Middle School Mission Statement: *Lucio Middle School Teachers unite with passion to produce quality instruction and empower tomorrow's leaders.*
