Preparing Tomorrow's Leaders

Lion News

Chester J. Arizmendi
 Principal

As we close this week, please reflect on the professional development that you had on Wednesday. How do your questioning strategies generate opportunities for students to discuss and provide further inquiry and promotion of higher order thinking, problem solving, and real-world application? What are the techniques utilized to check for understanding and monitor student objectives throughout your instruction?

Words of the Week

Describe – *The author wants you to visualize or experience a person, place, or thing.*

Cliffhanger – *An ending to a section, chapter or book that leaves the reader in suspense.*

Updated Grades on TAC: As per BISD grading policy, grades need to be posted to TAC on a weekly basis. The purpose of progress reports is to show how a student is progressing for the past three weeks. It is paramount that students and parents have a clear picture as to where the student is performing. Be sure that contact is made with the parent over the student's progress that includes a parent and Dean conference. We need to ensure success for every student.

Supervision & Safety: *All teachers and staff are required to stand by their door monitoring their classroom and supervising students during transitions. All personnel must remain at their door (or assigned area) until the bell rings. Students should not be allowed to loiter in front of any classroom. Hurry the students to class and keep the traffic moving along. Report anything suspicious.*

Our Lucio Middle School Mission Statement: *Lucio Middle School Teachers unite with passion to produce quality instruction and empower tomorrow's leaders.*
